

# February Newsletter Grade 2B

Dear Parents,

Our first month of 2025 went by quickly, and February is a month with plenty of activity and learning taking place in all subject areas. We are continuing to learn about nonfiction books and the students will be involved in an animal research project. In science, we are learning about Sound Energy and we are journeying to Iqaluit in Social. In math, we are learning about addition and subtraction within 100. We will also be practicing addition and subtraction facts with increasing speed and accuracy. Thank-you for helping your child practice his/her addition and subtraction facts. It is important for the students to practice their basic addition and subtraction facts regularly so that they will know them with automaticity.

A useful website for problem solving is [www.bedtimemath.org](http://www.bedtimemath.org). You can sign up for a daily math problem that will be sent to your email. There are 3 different levels of problems to solve so it works well for grade 2 students. As you work with your child please have them explain to you *how* they solved the problem. In Bible, we have been learning about Moses, Aaron, Pharaoh, and how God led the Israelites out of Egypt. Thank you for helping your child with Bible memory each week!

Thank-you for continuing to listen to your child read daily at home. We are working on building reading fluency, making predictions, and understanding what we read. Please send in the club reading sheets as soon as they are completed.

We will celebrate God's love for us and for one another on Friday, Feb. 14<sup>th</sup>. Your child may bring valentines for each classmate that day to distribute if they would like. If your child chooses to bring in Valentine cards, please have him/her bring one for each child in the class. A class list is included with this newsletter. It is also red/pink dress-up day on that day. If you wish to send in treats for the class, please let me know. No nuts, please!

Please feel free to contact us anytime with questions or concerns you may have about how your child is doing this term.

In Christ,  
Mrs. Breitkreuz

# Class List

Girls.	Boys
Joy	Asher
Molly	Ben F.
Blakely	Everest
Claire	Jacob
Everly	Ben G.
Eden	Jace
Isla	Evander
Naomi	Henry
Elise	Ethan
Lily	Vebjorn
Emily	Krew
Elyza	Blake
Anaiyah	Bodie
Grace	Cade
Paris
